New York Stock Market

NEW YORK, July 21.-The general tone of the market is still dominated by the action of one or two of the leading speculative stocks. The favorite since the end of hast week has been Union Paulic. To-day United States Steel reasserted its earlier in-nuence, but this time on the side of reaction.

reaction.

The congestion of dealings in a few stocks is an evidence of the narrowness of the market; the dependence on the operations of a small group of active speculators to effect a price movement is another. While stocks are being bought by these operators prices advance easily, but when they attempt to sell a downward movement is almost as ready, owing to the small general demand incited by the efforts of the habitual speculative element.

efforts of the habitual speculative element.

The concentrated selling to-day in a few of the most influential stocks gave the impression of attempts at liquidation of important accounts, and served to intimidate sentiment. There were reports of sales of as much as 25,000 shares of Reading by a single house, and sales of 20,000 shares of United States Steel by another house proved impressive. The upward start in Union Pacific was insufficient to overcome the stronger influence of this apparently informed seiling.

Union Pacific rose as high as 1091-2 in the first hour, establishing a new high record and giving hope to those who have predicted for three days past that the price was to touch "double par."

The adverse effect on the selling of

who have predicted for three days past that the price was to touch "double par."

The adverse effect on the selling of United States Steel proved too, much for Union Pacific, and it shared in the later weakness of the general market. Yesterday's report of the sale of the company's \$10,000,000 of Atchison preferred stock was looked upon to-day as a movement to dispose of such holdings as subjected it to pursuit by the government authorities. An unfavorable impression was made by the reminder that the market price attained by this stock offered the first opportunity for sale at a profit since the severe declines which followed its ac col, quisition, while other holdings in the company's treasury are far short yet of the purchase price. The talk of an intended increase in the Union Pacific dividend was depreciated by persons connected with the property, and this proved discouraging to the speculative maneouvres in the stock.

The serious atorn reported from the Texas coast had some depressing effect on Southern Pacific, and was a growing influence on the whole later market.

The selling of United States Steel

market.

The selling of United States Steel followed it down to 71, but seemed to lessen below that point, as it has done below 72 earlier in the week. The suggestion of sympathetic liquidation conveyed by this action was not relished. Less was heard of the important developments regarding the stock to follow the relugated.

dation conveyed by this action was not relished. Less was heard of the important developments regarding the stock to follow the return of J. P. Morgan from abroad, and predictions were not as confident of an increase in the dividend rate next Tuesday.

The near enaciment of the tariff bill is coming in for increasing consideration, and for conjecture over its effect on stocks. The favorable results to follow the completion of the tariff revision have been kept before the eyes of stock operators for months, so that a question is arising whether the number of early purchasers of stocks waiting to take advantage of the circumstances to sell may not prove favorable. The opinion was heard that some of the selling of to-day might be by holders desirous to escape the possible embarrassment of too numerous company on the selling side when the tariff bill passes. The tone was decidedly weak at the last.

Additional engagements of gold for shipment to Argentine to-morrow hrought the total to well over \$1... 600,000; an unprecedented single shipment to that destination. Significant of the indifference of the money market to this depleting force was the fact that the national bank depositories have returned to the Treasury not only the \$3,000,000 of government deposits called for repayment on August 15.

Bonds were irregular; total sales, par value, \$4,005,000 totaled for repayment on August 15.

CHICAGO GRAIN MARKET.

CHICAGO, July 21.—Wheat declined nearly 3c. per bushel on the Board of Trade to-day because of profit-taking by leading longs, based on a free movement of the new crop. At the close prices were 1½ 6½ 6c. below the closing figures of the provious session. Corn and cats also slumped sharply on favorable crop prospects. Provisions were steady. The wheat market was weak all day. The feature of the trading was the unloading of a large line by a prominent bull, whose safes, together with those of his immediate followers, were estimated to have reached in the neighborhood of 4,000,600 bushels. Airge part of this wheat was for September delivery, Prospective liberal receipts of new wheat here and in the Southwest for the remainder of the month formed the basis of the selling movement. The low-point on July for the day was \$11,500, Seytember at the same time sold off to \$1.600, The close was exceedingly heavy, with July at \$1,150, and September at \$1.000, \$1.150, \$

ye, compared with the final figures of the previous day.

The dominating influence in the oats market was the likelihood that grain from the new crop would be on sale in liberal quantities within a few days. This induced free selling by longs, which resulted in prices declining from 1c, to 1½c, from the high marks of the day, Reports from Southern Illinois claim the crop will be unusually large and of excellent quality. The market closed weak with prices %c, to %\$\pi\$1. lower than yesterday's final quotations.

DRY GOODS MARKET.

DRY GOODS MARKET.

NEW YORK, July 21.—The dry goods market was moderately active during the day, many buyers being in from different sections of the country. Trading in cotton goods and yarns was hampered somewhat by the fluctuations and uncertainty in the railway material markets. Some few large silk places has reported a fair business, but generally light at first hands. Knit goods are moving freely.

On Foreign Exchanges

Un Foleign Exchanges

LONDON, July 21.—The supply of money considerably exceeded the demand on the market to-day, and discounts were easy in sympathy.

The Stock Exchange passed a quiet session, the public still holding off. The tone, however, was good. Home rails hardened on satisfactory dividends. Gilt-edged securities were maintained on cheap money and foreign shares, and Kaffirs benefited by Paris buying.

American securities opened steady, and later improved on good support. At noon the market was steady, with prices from 1-8 to 3-4 higher than yes, terday's New York closing. The advance was maintained until the receipt of the Wall Street opening, when irtegularity set in and the United States Steel and Southern Pacific weakened sharply. Union Pacific was maintained, until the market finished easy.

BERLIN, July 21.—Prices on the Bourse to-day were firm. Exchange on London, 20 marks, 43 1-2 pfennigs for checks. Money, 21-2 per cent. Private discount rate, 2 per cent.

PARIS, July 21.—On the Bourse to-day rentes were favorably influenced by the fall of the Clemenceau ministry. The rest of the list was firm. Closing: 3 per cent, rentes, 97 francs 85 centimes for the account. Exchange on London, 25 francs 19 centimes for checks.

BIGN THE PROPERT OF THE PROPERTY OF THE PROPERT

Must Answer for Bigamy.

[Special to The Times-Dispatch.]

[GREENSBORO, N. C., July 21—Deputy Sheriff M. J. Dacey returned last night from Columbus, Ga., having in custody P. F. Holler, who was arrested there last week on a charge of bigamy, and for whom requisition papers had been obtained from Governor Kitchin. Holler gave bond for his appearance before Justice of the Peace Collins at a hearing of the case Wednesday morning. Holler, formerly resided at Proximity, and is charged with having married a woman there and later deserting her, at the same time being married to another woman.

Indicted for Fast Driving.

[Special to The Times-Dispatch.]

SALISBURY, N. C., July 21.—Three
Salisbury automobilists have been indicted by Captain of Police Shaver for
fast driving on the streets of this city,
in violation of an ordinance made by
the Salisbury Aldermen. A speed limit
of ten miles an hour, it is alleged, has
been broken, and it is said that other
warrants will be issued. The operators of machines claim that a higher
speed is necessary in order to clear the
streets.

Meeting of Association.

[Special to The Times-Dispatch.]

CHASE CITY, VA., July 21.—The Concord Baptist Association, composed of forty churches in Brunswick, Charlotte, Lunenburg and Mecklenburg counties, will convene here next Tuesday. Large crowds attend on these occasions and great preparations are made for the entertainment of delegates and visitors.
